II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

My name is Mr. Jason Wayne Naillieux and I own a civil court, one civil court where Fort Knox is with in my civil court and the United States of America Bullion Depository attached to the Federal Reserve System and the United States of America Department of the Treasury.

So... Two separate militants of two^{TO THREE} separate courts on the same court with two^{TO THREE} separate army attorneys go to court in two separate groups at two separate courts to execute a trader cop legally with full court And truth of court and facts within my civil court. A group (the group of criminals that have no rights to talk about my court or my business and cooperation's) kill one of the army attorneys. ^{ONE OF THE TWO TO THREE GROUPS OF ARMY ATTORNEYS.}

So... there is about a total of six army attorneys appearing in a total of two courts talking about the same civil action.

This group kills one of the army attorneys in the two^{TO THREE} groups then after killing the army attorney they go to court and they say 'this is how strong the law is' to the court judges and justices in many different courts, ^{THIS} how they word things as with yourself hiring judge and justices, 'this is how strong the law is' and they then go on to tell the judges and justices that 'this is why you should agree with me' and so because they killed the army attorney they say that if the judge and justice is behind them they then - the judge and justice are also strong.

Well the group kills the army attorney, a criminal cop is in court calling out shots about the United States of America remedy as it is a token of crime and a payment to hold up court and prevent the law from protecting the people.

The two groups of army attorneys goal is to give ~~me~~ my remedy being business', cooperation's and money as with money such things, known as financials. From the acts of cleaning the System and Systems of the United States of America and so keeping a non-criminal System.

The format of the army attorneys and two^{TO THREE} army groups are of the format of a platoon to not be prevented.

So... the group kills one of them and the other group^{TO THREE} of army attorneys are off in court discussing away and under the common sense of court they the two^{TO THREE} groups of army attorneys minus the one army attorney killed well in court, well court was going on and on the way to court expect to be before the Plaintiff to graph (a diagram showing the relation between variable quantities, typically of two variables, each measured along one of a pair of axes at right angles) in, as in the conversation of business' and cooperation's documented on the United States of America army presidents form of court and remedy.

These two^{TO THREE} groups of army personal with access to all identity documents of the United States of America expect to fully and completely bring their courts to 'ends closings' (two end^{TO THREE} of a rope attaching to itself.) and for the court not just to be closed but to be in the minus in a format to be in account of saving. Witch is with me having my property's and remedy's. with or with a court or its body's alive.

The Natural Gard has been called three to four time with approves to open fire on the community as with the United States of America militants to open fire on the cops and courts and its employees witch is you judge and justices.

But instead of the courts trying to aid the court process and save life's they try to profit off of the loss of the United States of America army attorney someone's son, father, husband, employee etc. and then blame the community for a public hearing witch is illegal and ill for the aid to the United States of America, the people of the United States of America and the laws of the United States of America.

In the United States of America, the people of the United States of America do not pay taxes.

Taxes was created in the 1861 adopted by congress to buy guns for the militants of the United States of America creating the ownership of the United States of America militants, Army, Navy, Marines, guardsmen in all there titles and the Air Force to the people not a Government or a congress.

Within my ownerships of the United States of America civil court the judges and justices murder mass people by criminal deployments of the United States of America militants.

The people of the land mass the United States of America caught the United States of America court judges and justices committing crime and brought to the rulers of my United States of America court that the United States of America militants are to act to accomplish the death of a group of United States of America court judges and justices. The people appeared in court explaining to the United States of America civil court that the judges and justices of the United States of America are to be executed for crimes against myself a fetus abused and a child victim of infanticide.

The laws of the United States of America say that all people are consisted equal and innocent tell proven guilty and so the people proceed as such with a court hearing, little did the people know at the time that the they the people where in court that the United States of America court judges and justices where using communicating well the people where coming before the courts plotting to not give the people such a perpetuity as that of the laws of the United States of America say being that all people are consisted equal and innocent tell proven guilty, the people where them sent the United States of America militants to execute the people in public by Guardsmen firing squads, the same people that brought to the courts that the United States of America court judges and justices are committing crime.

Well the people where in court talking to the my United States of America civil court judges and justices a set of United States of America court judges and justices where holding court against the people and plotting to have the people murder.

The people now holding the Transcripts with the isbn number of all courts in the United States of America and all court recording and the court hearing where the United States of America court judges and justices say and I quoit they say "if the people decided not to call forth the United States of America militants to kill us 'the United States of America court judges and justices'

then we will send the United States of America militants to kill the people without court.” The book keeping number of the courts of the United States of America is record in long format showing 20 to 59 numbers roughly explaining the day and time and the state and states as with the court and also the court room of the full and complete talking of the United States of America court judges and justices’ the number is normally printed on the top of the paper in long format so the holder does not need to reference state and all court in and of the states just the quoit and the court the quoit came from and all other parties talking self-referenced by number of that day.

I alone own the impeachment and a impeachment is a court action not a relegation actions nor a kingdom action, the history of the “bipartisan” is that there was a kingdom where a person in the kingdom calmed that the rulers of the court murder mass people in the fields “the kings people and true and rightful people” and killed the mass people in the fields on the authority’s of the King and the court but calmed that the mass death was by the person and the person court authority’s of the king in court and the person in court had proof of the people not of the rightful people of the king but of the court of the king himself, The king ruled that such was true and all such thing should be recorded. The bipartisan king and rulers have died within my life span and there death was not of there life span, so to murder such equal and innocent tell proven guilty people publicly and hold a mockery on there deaths and the United States of America militants feeling is a crime.

The United States of America

District court.

If you are fractioned and factored as having denied court because of a right to sue, the United States of America Government witch are the forces of the countries protection and there offices have given me the right to sue and so by your reasoning's of denial you forfeit your rights to arrange agents the United States of America Government witch are the forces of the countries protection.

In my rights to sue by the United States of America Government witch are the forces of the countries protection the United States of America Government Human Rights department have went to court to aid the United States of America Government in executing a police officer who committed act of traitor and used all the words the United States of America is allowed to use to explain that killing a person is not a Human Rights volition and this is a notice and warring to not use such crimes of confusions.
